## Administrative Information

### Preferred Citation

Smithsonian Institution Archives, Accession 90-068, Science Service, Records

---

## Descriptive Entry

This accession consists of records that constitute the morgue files for the Science Service, and as such contain past articles, press releases and other materials pertaining to medical, psychological, and sociological issues. In addition are supplemental correspondence, photographs, news clippings, scientific papers and articles, obituaries and related topical information.

Files are categorized according to Library of Congress headings. These alphabetic category indicators often appear before folder headings. Researchers should note that not all subject files are grouped together and that folders within subject areas may not be in strict subject or alphabetic order. Some information may be found under a specific folder heading, and other related information may be found in folders with broader subject or alphabetic headings.

### Codes:

B = Philosophy/Religion

BD = Metaphysics

BF = Psychology

BL = Religions/Mythology

QR = Bacteriology

RB = Pathology

RC = Practice of Medicine

RE = Ophthalmology

RK = Dentistry
