## Administrative Information

### Preferred Citation

Smithsonian Institution Archives, Accession 95-173, National Museum of Natural History. Environmental Awareness Program, Ocean Planet Exhibition Records

---

## Descriptive Entry

The *Ocean Planet* exhibition opened in April 1995 at the National Museum of Natural History, and is scheduled to travel in twelve cities through 1999. These records consist primarily of script drafts and reviews by Smithsonian employees, government officials, and national experts on environmental issues. The Rockefeller files contain brochures, press kits, fact sheets and correspondence gathered in an informational survey of U.S. museums, aquariums, botanical gardens and zoos.
