Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession T89023, National Museum of Natural History.
Department of Botany, Flora North America Project Records

Descriptive Entry

These records consist of reports, correspondence, and meeting materials pertaining to the Flora North America (FNA) Project, a project to create a computerized data bank of information about the vascular plants of North America north of Mexico. Records pertain to Steering and Editorial Committees, research associates, and other FNA planning. These records were created and maintained by Edward S. Ayensu. See also Record Unit 197, Series 2, for information on FNA.
